Supreme Court Consents To Review Power Plant Case

Washington, June 1.—(AP)—The government failed today to obtain a "go ahead" signal from the Supreme Court for federal financing of municipal power plants.

Before completing an epochal term and adjourning until next October, the tribunal overruled a government request that it refuse to review litigation challenging the constitutionality of such financing.

CONGRESS HITS 'TAX-DODGERS' IN RESOLUTION

Roosevelt Demands Evil Practices Be Stopped

Washington, June 1.—(AP)—Congress leveled the double barrels of publicity and legislation tonight at wealthy persons whom President Roosevelt accused of dodging taxes.

Soon after Mr. Roosevelt demanded that the "evil practices" be stopped, the senate adopted a resolution for an investigation. Leaders said the inquiry would lay the facts before the public and furnish the basis for laws to circumvent the "clever little schemes" by which tax payments are avoided.

The measure, establishing a joint committee of six senators and six members of the house to conduct the inquiry, was introduced in the house as well, with favorable action there expected in a day or so.

In his message, President Roosevelt included a letter from Secretary Morgenthau relating some of the methods of the alleged tax dodgers—numerous personal corporations, incorporation of yachts, racing stables and the like.

Congress, as well as the president, was plainly indignant. From every faction came quick statements of sympathy with the chief executive's purpose and of determination to end tax evasion.

Germination, Crops Are Reported Good

Springfield, Ill., June 1.—(AP)—A. J. Suratt, federal agricultural statistician, reported today that the recent summer temperatures in Illinois have promoted crop growth and germination.

Asserting early season crop prospects were "mostly fair to very good," Suratt said farm work had made remarkable progress during May in some of the central and lower West Central counties.

Suratt said corn planting was about 88 per cent complete compared with 84 per cent a year ago. Winter wheat was generally up to average or better in the important producing areas. The prospects for oats and rye were reported very good. Pastures were largely good to excellent and the condition of livestock was improving.

POISONED DOG

Joliet, Ill., June 1.—(AP)—Commissioner of Public Safety David H. J. J. ordered an autopsy today of the body of a German Shepherd dog that dropped dead shortly after eating a piece of candy found in the street. The dog was the 13th to die of poisoning in the last ten days.

G-MAN SLAYER TAKEN SHORTLY AFTER INCIDENT

Fugitive Tries To Masquerade As A Cowboy

Police Chief and Officer Make Arrest Peacefully

Gallup, N. M., June 1.—(AP)—Guy E. Osborne, 24, fugitive wanted for the slaying of Trust E. Rowe, department of justice agent, was captured without resistance tonight a few hours after the agent was shot and killed. Kelsey Presley, Gallup chief of police, and Leslie Mahoney, Gallup policeman, made the arrest as Osborne attempted to ride a horse past them, masquerading as a cowboy not far from the scene of the shooting.

The capture was made while a flying squad of G-men and desertwise Indian trackers collaborated with local officers in a three-state manhunt.

The fugitive was taken to the McKinley county jail and held under heavy guard.

The officers were leaving the home of John Wesley Osborne, brother of the fugitive, Presley said, when they noticed a rider driving a small bunch of cattle toward the Osborne home.

"That wouldn't be him coming this way," Presley said he told his companions, and started to drive away.

As the rider drew nearer, Presley said he noticed the rider's stirrups were unusually short.

He and Mahoney arrested the rider who offered no resistance.

Presley said Osborne, wanted in Eufaula, Okla., for automobile theft, returned to the home of his brother for a horse. He had fled afoot after shooting Rowe. Three Navajo trailers picked up the trail of the rider and a posse was following the Indians when Presley and Mahoney encountered Osborne.

Osborne's 17-year-old wife, formerly Louise Harrison, Checotah, Okla., was left at the home of the prisoner's brother.

"He was a good husband," she wept. "I never knew of his being in trouble except for stealing a motorcycle in Eufaula."

Officers here said Osborne was also wanted for transportation of a stolen automobile from Oklahoma to Fort Smith, Ark.

Hull Aets to Stop Nazi-Spanish War

Washington, June 1.—(AP)—Secretary Hull disclosed today that he had urged both Germany and the Spanish Loyalist government, in effect, to refrain from going to war with each other.

His plea, made to the ambassadors of each nation in separate interviews, expressed the hope of the United States that their governments would be able to adjust their difference peacefully.

It was the first direct move by the United States to prevent a major international war as a result of the Spanish attack on a German cruiser and the German bombardment of the port of Almeria.

4 Killed in Truck, Car Crash Tragedy

Belleville, Ill., June 1.—(AP)—Four men were killed and two others injured, one seriously, early tonight when a tractor-laden transport truck and a passenger automobile collided head-on seven miles west of here.

Sheriff Henry L. Slekman of St. Clair county said three of the victims had been killed instantly. One was decapitated. The other died a short time after being taken to a hospital.

NEW FARM ADVISER

Ottawa, Ill., June 1.—(AP)—Vernon D. Evans, of Effingham, was appointed farm adviser for LaSalle county today. He succeeds C. E. Gates who resigned recently.

Farmer Who Dynamited Wife and 8 Children to Face Charge of Murder

Waukesha, Wis., June 1.—(AP)—John Wazak, 54-year-old Muskego farmer who District Attorney Scott Lowry said confessed dynamiting his home and killing his wife and eight children, was bound over to circuit court today to face a charge of premeditated first degree murder.

The nervous Pole, who fingered and twisted his hat in his hands as he stood before the bar, was bound over by Municipal Judge David M. Evans in his second court appearance of the day. This morning he formally was arraigned before Judge Evans on the murder charge and his hearing set for Friday.

Later it was decided to hold the hearing this afternoon after authorities abandoned a theory Wazak might have accomplices in the dynamiting April 18.

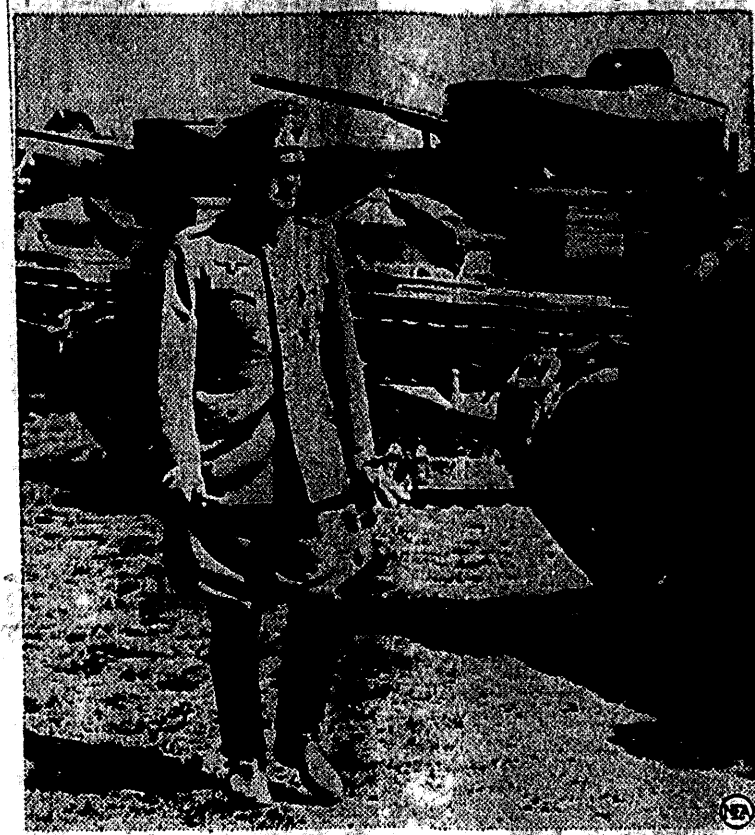

It is probable the farmer may face Judge C. M. Davison in circuit court tomorrow.

Wazak, who earlier in the day had expressed the desire his son, Vincent, one of two surviving children, obtain an attorney to defend him, was unrepresented by counsel at the hearing.

Testimony at the hearing was taken from Sheriff Walter E. Liskowitz, register of deeds Marie Latimer, and a deputy sheriff. Asked by Lowry if he wished to question the witnesses, Wazak waved a hand impatiently and said:

"It is up to you."

NEUTRAL GROUP MUST AGREE ON SPANISH POLICY

Return Of Germany, Italy Depends On Decision

London, June 1.—(AP)—The return of Germany and Italy to Europe's 21-nation neutrality committee tonight appeared to hinge upon the committee's decision whether to use force against Spain in preventing interference with neutral shipping.

The two nations withdrew from the committee yesterday until they receive guarantees against further incidents such as Spanish government air bombardment of the German battleship Deutschland and the Italian naval supply ship Barletta.

France and Britain suggested safety zones for neutral shipping, which both the insurgent and Madrid-Valencia governments appeared willing to consider.

Germany, however, wanted the further step, informed sources said—use of force by the neutrality committee's naval patrol, now seeking by peaceful inspection of transport ships to prevent shipment of arms or munitions to either side in the civil conflict.

There were some who believed that creation of a sort of international navy to guarantee that Spain will help keep the peace at sea might be devised.

Drivers' License Bill Passes House

Springfield, Ill., June 1.—(AP)—The House passed the O'Grady drivers' license bill late today on a bandwagon roll call, marking another victory in the desire of Governor Horner's highway officials to administer the traffic safety program.

The vote was 128 to 6, as representatives rushed to be recorded as being in favor of licensing drivers.

The question of what would happen to the bill in the Senate remained unsettled, however. Last week the Senate sent to the House the Benson-Menges proposal to have Secretary of State Edward J. Hughes issue no-fee licenses.

Rent Strike Begins In Auto Territory

Pontiac, Mich., June 1.—(AP)—A "rent strike" directed by a United Automobile Workers committee began here today, while a Detroit member of the union disclosed tentative plans for similar action there on July 1.

Mort J. Furray, who said in Detroit he had been designated to head a "Committee for Organization of Renters and Consumers," said 48 families there already had refused to pay \$5 monthly rent increases.

NEW LOCOMOTIVE

Chicago, June 1.—(AP)—The Pennsylvania railroad announced today it was developing a new type of streamlined steam locomotive capable of hauling a 14 car passenger train at 100 miles an hour.

James Madigan Able To Leave Hospital

Oakland, Calif., June 1.—(AP)—James Madigan, 19, nephew of Coach Edward Madigan of St. Mary's College, recovered sufficiently from a stomach ailment to return to his home at Ottawa, Ill., hospital attaches said today.

Young Madigan underwent blood transfusions and for a time his condition was critical.

Chicago, June 1.—(AP)—Robert W. McKinlay, a federal court receiver, went on trial today in criminal court on a charge of bribing a juror to hold out for acquittal in the first embezzlement trial of Frank Zintak, ousted clerk of the Supreme Court. The day was spent in selecting a panel of four jurors.

OVERRIDE VETO ON VETS' BILL BY HEAVY VOTE

Roosevelt's Action Is Cancelled By Congress

Both Houses Get Far More Than Required Majority

Washington, June 1.—(AP)—Congress overrode President Roosevelt's veto today to give 23,000 World War veterans the privilege of extending their temporary government insurance policies for five more years.

It was the first time a presidential veto has been overridden since the veterans' bonus payment was approved more than a year ago.

Acting swiftly, because of the expiration today of many of the policies, both houses mustered far more than the required two-thirds majority. There was little debate.

The House passed the measure, 388 to 13, while the Senate vote was 69 to 12.

The privilege of holding term policies was renewed three times for additional periods of five years each, although 85 per cent of the policy holders converted them to permanent insurance and paid higher premiums for the longer protection.

Were it not for the extensions by Congress, all of the term-policy holders would have been required to convert their policies into permanent insurance, or drop the protection entirely.

In answer to the president's assertion that the renewal of the five-year term policies would constitute an additional cost to holders of other veterans policies, George said all veterans organizations had endorsed the bill.

Gifts and Messages Pour in for Wally, Edward at Chateau

First Large Group of Wedding Guests Sit Down to Dinner

Monts, France, June 1.—(AP)—Gifts, telegrams and letters of congratulation from all parts of the world poured into the Chateau de Candé at a rising rate tonight for the Duke of Windsor and Mrs. Wallis Warfield, whose wedding is set for Thursday morning.

While the chateau hummed with preparations, the first large group of wedding guests sat down to dinner with the former British King and his American bride-to-be.

Deliveries rushed supplies for the wedding breakfast and other meals into the chateau kitchen. The evening's consignment included 200 pounds of meat, 140 pounds of fish, 140 pounds of ducks and chickens, and 250 bottles of champagne.

The Duke and his bride will step into the flower-bedecked music room of the chateau at 11:30. Mayor Charles Mercier of Monts will read the marriage service, then give the customary French speech to the newlyweds.

Chicago, June 1.—(AP)—Chicago isn't going to be finicky about the bathing suits that are worn at the beaches this summer. In a sententious ruling today, George T. Donoghue, general superintendent of parks, said any "reasonable" costume would be permitted.

BATHING SUITS

Mr. and Mrs. Troy Corder, Mr. and Mrs. Bert Hobart and Mr. and Mrs. Todd of St. Louis were week-end guests of Mr. and Mrs. A. L. Walker of this city. Monday they all visited Mr. and Mrs. George Walker of Winchester.

Paul Farthing, Blind Jurist, Takes Post As State Supreme Court Head

Springfield, Ill., June 1.—(AP)—Paul Farthing of East St. Louis, blind since his boyhood days, assumed today for one year the post of chief justice of the Illinois supreme court, the highest honor bestowed upon a jurist in the state courts.

Calmly leading the six other black-robed justices to the bench promptly at the scheduled hour, Farthing presided for the first time in his new role at the opening of the June term of court.

Court attaches said it was the first time in the history of the state high tribunal and probably in any court of final appeal in the nation that a blind person has held such a position.

His sight destroyed in a hunting accident when he was 12 years old, Farthing overcame the handicap to his law degree and license for law practice.

In the courtroom to see him take over his new job was his brother, Chester, who served as "his eyes" while he was going to school and who practiced law with him, and Mrs. Farthing.

Mr. Farthing, excusing himself briefly from the conference room after court adjourned, stepped into the corridor to greet his friends and received many congratulations.

His living quarters on the third floor of the building were lined with bouquets from well-wishers.

He has overcome his handicap to such an extent that spectators in the courtroom can scarcely tell he is blind.

Thousand Policemen Mobilized For Duty At Republic Plant

By The Associated Press
Multiplicity of events yesterday heightened tension along the steel strike front.

Nearly a thousand policemen were mobilized for duty at the vicinity of the Republic Steel Corporation's South Chicago plant in response to reports steel workers organizing committee leaders planned a new march on the mill, operating with 1,400 workers in defiance of the strike call.

Disclosure that one of the five men killed in Sunday's bloody riot near the plant was a Communist stirred the opening session of a coroner's inquest.

The state's attorney's office at Chicago announced an investigation of "outside agitation" of strike violence would be made.

John L. Lewis, chairman of the committee for industrial organization, termed the riot deaths "planned murder." Republic officials replied that his statement was "preposterous."

Strike pickets prepared for an extended siege in Ohio's Mahoning Valley, where 32,000 steel workers were idle. Snipers again fired on a plane delivering food to Republic's Warren, Ohio, plant, also operating behind picket lines. A telephone cable to Republic's Canton, Ohio, plant was cut.

Both sides went into court. A C. I. O. attorney filed on behalf of a Republic stockholder, a petition for an injunction to prevent the firm from using funds "for strike breaking purposes."

Republic attorneys filed 20 affidavits at Buffalo, N. Y., where the company also is operating a plant, charging intimidation of local workers.

With more than 70,000 steel workers idle, the operating rate in the industry was reported to have fallen nearly 14 per cent last week.

2,000 Throng London Embassy of Germany To Protest Shelling

Police Go Into Action to Dispel Crowd Under Ribentrop's Window

London, June 1.—(AP)—Mounted and foot police late tonight dispersed a crowd estimated at 2,000 which surged around the German embassy to protest the bombardment of Almeria by German warships.

As the police went into action cries of "Stop Hitler's war on children" were heard under the window of Joachim von Ribentrop, the German ambassador.

The crowd had marched to the embassy in a procession after a big Communist demonstration against the Nazi action in Spain held in Hyde Park.

A deputation of five handed a resolution condemning the Almeria shelling to an official who came out of the embassy to receive it.

Convict Confesses Blame in "Bum Rap"

Chicago, June 1.—(AP)—Michael Nudo, 27, a convict serving a 20 year sentence for robbery at Stateville Prison, Joliet, confessed today to Judge Joseph B. Sabath in Superior Court that he had committed a robbery for which two other young men had served 15 months of one year to life sentences.

Nundo said he discovered while in prison that Ralph Pecho, 28, and James Di Forti, 24, were serving sentences on a "bum rap" for the crime he and Tony Rasaballo, 25, slain in a robbery, had committed.

Movie Strike Ends

Hollywood, Calif., June 1.—(AP)—The motion picture strike ended tonight and 2,500 men prepared to return to work in the studios tomorrow, following announcement of an agreement by which the Painters' Union becomes absorbed with the International Alliance of Theatrical Stage Employees.

Detroit, June 1.—(AP)—Officials of suburban Dearborn where United Automobile Workers officials were beaten and chased away from gates of the Ford Motor company last Wednesday, were subpoenaed tonight to testify before a Wayne county grand jury.

Duncan C. McCrea, prosecutor who said "impartial witnesses" had given evidence of "unprovoked assault" on Ford men, issued summonses for Max John L. Carey and Police Chief Carl A. Brooks of Dearborn to testify before a common pleas court grand jury.

After the riot in which 100 men were injured, McCrea said Carey "brought to this office all of the facts involved" and requested that H. Bennett, Ford personnel director, produce any company information exposed in newspaper photographs of the fighting.

The grand jury is expected to hear the case to the attention of the grand jury.

Attorney General Cummings Is Ward of Prison Triplets

Washington, June 1.—(AP)—Attorney General Cummings became legal guardian today of prison-born triplets.

The babies, officials said, were born May 21 to an Oklahoma girl confined in the federal reformatory for women at Alderson, W. Va. The mother was sentenced for violation of federal liquor laws.

Under the law Attorney General Cummings is legal guardian of all prison inmates.

It's Hard To Get Away

A 19-year-old boy and an 18-year-old girl were placed under arrest Sunday as they attempted to cross the Illinois river bridge at Florence. They are in jail charged with holding up and robbing a filling station attendant.

Two 17-year-old Grand Rapids, Mich. boys, driving a 1937 Packard sedan, said to have been stolen in their home city, were nabbed Saturday as they attempted to cross the Illinois river bridge at Beardstown. They are in jail awaiting arrival of Grand Rapids officers.

Nature in these instances placed barriers in the flight of alleged wrongdoers. The river, with its bridges, lined by alert public officers, ended the dash of four young people who now face prosecution and penitentiary terms.

This is not the first occasion on which wanted persons have been apprehended at these bridges. They may succeed in accomplishing a crime but when it comes to getting away that's different.

Jacksonville might be considered fortunate to have these barriers on the west and north. They are in a way a deterrent and protection against crime. Criminals acquainted with the topography of this section of the state fear the chances of getting across these bridges.

To the south and east of this community are a number of towns, each having efficient police officers. The state highway police department, equipped with radio, are on the move each hour of the day and night.

Right through this part of the state is by no means easy or safe. Criminals are against both natural and human factors when they try to get away. The bridges often are a gateway to the penitentiary.

Deaf in the U. S.

Home of the Illinois School for the Deaf, Jacksonville is well acquainted with the problems of deaf persons and the methods used in their education from the time they enter kindergarten until they complete high school courses. The local institution, known as the largest school for the deaf in the world, produces a sizeable class of graduates each year. But large as it is, the Illinois school is only a small part of the nationwide system for education of handicapped children.

More than 10,000,000 Americans are hard-of-hearing and 90,000 are totally deaf. Three million school children face the possibility of serious hearing handicaps unless the continued onset of deafness is checked. The United States now has 209 schools for deaf children. All states except Delaware, Nevada, New Hampshire and Wyoming have schools of the residential type.

Day schools for the deaf usually are part of the city school system. Most such schools do not cover high school work but prepare their students for work with normally hearing children.

The only college for deaf in the world, Gallaudet college, now conducted under supervision of the federal government, at Washington, D. C.

Pretty Lucky!

A 54-year-old Michigan farmer is reputed to have confessed dynamiting his wife and eight children to death because of domestic trouble.

Here in Illinois, we would say that "hanging would be too good" for one who commits such a fiendish crime, although this state has substituted the electric chair as a means of capital punishment.

In Michigan its different. Prison sentences are considered sufficient punishment for murder up there. A murderer's punishment is no different than that of an automobile thief, though the time may vary. A killer's victims may be one, or nine, yet he faces nothing more severe than incarceration.

This man charged with touching off a fuse that blew his wife and sons and daughters to bits, should consider himself extremely fortunate if he wishes to live. In many states he would be facing death.

His conscience may in the end provide the punishment he deserves, if the charges are true. Illinois is one of the states that do not wait for conscience to pay the debt to society for acts of this kind.

Newspaper Stuff

They tell a story around newspaper offices of a very young and enthusiastic reporter who once dashed back to the editorial room after covering a spectacular fire.

He crouched over his typewriter, tense, prepared to turn himself loose with everything he had, almost overcome by the excitement which he was about to transmit to his expectant readers.

Feverishly he tapped out a couple of words on the typewriter. He scowled at them. He banged out two or three words on a fresh start, scowled again and made a third try. He was fairly quivering with the excitement of this grand and daring story he had to write, and he was on the point of exploding because he could not seem to turn in a narrative worthy of the occasion.

There sat watching him a cigar-chewing old timer, who had been writing big stories ever since the battleship Maine blew up in Havana harbor, and this old timer presently came over and touched him on the shoulder.

"Just put down one little word after another," he advised.

An Illini Discovery

A University of Illinois graduate is generally recognized as the father of the electric heat industry.

Without the discoveries of Albert L. Marsh of Detroit, who graduated from Illinois in 1909, there would be no electric stoves, toasters or percolators, no electric furnaces in factories, and no efficient spark plugs in automobiles.

His discovery made several years before his graduation, was that of a peculiar metal alloy which has no equal for making of electrical heating elements.

Three Die in Crash
4 mi. E. of Havana

Discovered by Passing Motorists Last Night

Havana, Ill., June 1. — (AP) — Skull fractures suffered in a head-on automobile collision caused the death of three men, with two others in a critical condition today.

The cause of the accident, on an open highway four miles east of Havana last night, was not determined. The dead:

Clem A. Davy, 55, Middleton, a township supervisor.

Timothy Agnew, 45, Middleton, Roy Poole, Middleton. The injured were taken to a hospital.

The casualties were discovered when passing motorists noticed the wrecked autos.

Helping the Diabetic Choose Food
of the Proper Amount and Quality

Dr. MORRIS FISHBEIN
Editor, Journal of the American Medical Association, and of Hygiene, the Health Magazine

Grapefruit is the important fruit for the diabetic, since it contains only about 5 per cent carbohydrate. Oranges, which are sweeter, contain 10 per cent. The banana, which is so petting for most people, contains 20 per cent carbohydrate.

The vegetables in the 5 per cent group, listed yesterday, are bulky and thus will fill the stomach and allay the pangs of hunger. After the patient has tried out his ability to get along without excreting sugar on the 5 per cent vegetables, he is given foods which contain 10 per cent carbohydrate and after that he can be moved to some that contain 15 or even 20 per cent.

The vegetables should be cooked preferably by steaming in a double boiler, as in this way all the juices which contain the important mineral salts and vitamins are retained.

Bread is seldom included in the diet for the diabetic, because it contains large amounts of starch. The diabetic, in general, avoids cereals, such as oatmeal, which contain about 66 per cent carbohydrate when eaten dry.

However, watching the carbohydrate is not the only necessity for the diabetic. He also must have protein, which is necessary to replace old cells and to add new ones to the body.

Proteins such as those of milk, meat, fish and eggs are essential to the living human body.

The diabetic also takes fat, but here he must be particularly careful. The fat in the diet of the diabetic must be watched just as closely as the carbohydrate.

There are now available many books for the diabetic which provide suitable diets and which aid the diabetic in controlling the amount of carbohydrate and other materials that he takes into his body. Among the best of these books are the following:

Conybeare, J. J.: Manual of Diabetes (1935). Oxford University Press.

John Henry J.: Diabetic Manual for Patients (1934), second edition, C. V. Mosby Co.

Joslin, E. P.: A Diabetic Manual for the Mutual Use of Doctor and Patient (1934), fifth edition, Lea and Febiger.

Sindoni, Anthony Jr.: Diabetes (1937). McGraw-Hill Co.

Wilder, Russell M.: A Primer for Diabetic Patients (1934), fifth edition, W. B. Saunders Co.

These books not only list all of the foods that may be eaten, but also their ingredients and full direction for weighing and measuring the foods in order to secure the correct amounts of the essential foods.

There are some simple facts about food that every diabetic should remember. In the first place, water is not food. It is absolutely necessary for the action of the human body. Seventy per cent of the body weight consists of water.

The diabetic may drink coffee or tea, but not in excess, because coffee and tea in excess overstimulate the body and interfere with rest.

The diabetic may eat fruits which are now prepared especially for him without added sugar. Fruits are important in the diet because of their

diabetic as well as by everybody else, but the diabetic must estimate the amount of fat that he gets in the fried food. Sometimes mineral oil is substituted in the diet of the diabetic as it does not have food value.

In addition to watching his diet in relationship to his disease, the diabetic may have to modify his diet definitely in relationship to the amount of insulin that is prescribed for him.

Rides in Parade to
Glasgow CemeteryMemorial Day Services are
Held Sunday; Other
Glasgow News

Glasgow—A brief memorial service in which the South Scott county post of the American Legion and the two local churches, the Baptist and Community Christian, participated, was held at the Baptist church at 10:30 a.m. Sunday.

A color guard and firing squad composed of members of the South Scott post were present at the service, and following the program they marched in a body to the Glasgow cemetery, where deceased veterans' graves had been decorated, and fired a military salute and sounded taps for their departed comrades.

At the service at the church and riding in a car behind the color guard to the cemetery, was John Haney, residing south of Alsea, and who is Scott county's sole surviving Civil war veteran.

At noon, a bountiful basket dinner, served cafeteria style in the Baptist church basement, was attended by many from here and neighboring communities.

The program carried out at the church that morning included the following numbers: Prayer, W. S. Wilson; reading, Miss Ruby McEvers; piano duet, Misses Doris Fundel and Dorothy Killebrew; reading, Eugene Blair; recitation, Miss Julia Young; reading, Miss Wilmoth Sherwin; address, Rev. D. C. Byus of Jacksonville; roll call, John P. Ward.

Bridge Damaged

Many people, former residents here, and many having relatives resting in the Glasgow cemetery, made their annual pilgrimage here Sunday from their homes in near and distant communities to visit the graves of those relatives and friends. Many were the remarks of praise and surprise from these visitors in finding the Glasgow cemetery's appearance so greatly improved from former years. This condition has been brought about by the employing of a permanent sexton, and the trustees of the cemetery wish to emphasize the fact that donations from those interested in our local burial ground would be greatly appreciated and are needed if the beautiful appearance of our cemetery is to be maintained.

The large iron bridge crossing Little Sandy creek near the Mrs. Julia Adams home west of town failed to bear the burden of the large county caterpillar tractor Saturday while it was crossing the structure, causing the east end to

sink considerably. However, traffic, with the exception of loaded trucks, can still cross the bridge by driving slowly.

Mr. and Mrs. J. A. Wilson and Miss Katherine Brown attended funeral services for Miss Ruth Whitlock at

Union Grove Thursday afternoon. Mr. and Mrs. Ed. Olsson of St. Louis were visitors here Sunday afternoon in the Mrs. Annie Blair home.

Mr. and Mrs. Paul Smith of Cleveland, O., were guests Friday in the home of Mr. and Mrs. John A. Wilson.

Large Crowd in Cemeteries for Program; Other News of Community

White Hall—Only two Civil War veterans attended the Memorial Day services held in the White Hall cemetery Sunday morning. They were A. B. Smith of White Hall, and A. A. Lorton of Murrayville, both of whom will be 84 years old this summer. There was one Civil War mother, Mrs. Mary Walker of White Hall present. There was the largest aggregation of automobiles gathered in the cemetery during the service that has ever been in the cemetery at any time.

Frank Dawdy was master of ceremonies and he was assisted in directing the traffic by Boy Scouts. County Superintendent of Schools, C. A. Whiteside of Carrollton, placed two hundred flags at soldiers graves in the two White Hall cemeteries, Saturday in preparation for the annual Memorial Day services. Mr. Whiteside also placed flags at soldiers' graves in the High Street and Walkerville cemeteries. Mr. Whiteside has had charge of this part of the decorations for the past several years. Flowers are also placed at the graves.

The following program was given at the Soldiers and Sailors Monument in the White Hall cemetery:

Rev. Albert Monroe offered prayer; The Duncan Sisters quartet sang two numbers; Rev. C. K. Kerst gave a talk; John Neese recited "Flanders Field"; Bugler Kendall Seely sounded "taps"; and Basil Gilmore gave the "echo," which was very impressive.

Mr. Dawdy stated Monday morning that better arrangements will be made next year for handling the traffic which was quite a problem Sunday morning.

Mr. and Mrs. William Bishop and son Mele, and Mr. and Mrs. William Owens, drove to Rockford Saturday. Mr. and Mrs. Bishop will visit with their son, Carl Bishop and family for two weeks. Mr. and Mrs. Owens visited with Mr. and Mrs. Dan Potts and family, and returned home with Mele Bishop Sunday.

Mr. and Mrs. R. A. Rigg of St. Louis are here for the week with their parents, Mrs. Jane Rigg on Israel street and Mr. and Mrs. James Coates in Maple Heights.

Mrs. L. O. Goodrich and daughter Irene of White Hall and Mrs. S. B. Robinson of Murrayville, drove to Petersburg Sunday and visited cemeteries in that vicinity where they have

relatives buried.

Mrs. David Pierson and little son, Tom of St. Louis, are spending a few days with her sister and family, Dr. and Mrs. H. C. Haynes on North Main street.

Dr. and Mrs. Lee Halbert of Springfield, visited with her father, R. S. Dickson and other relatives here Sunday.

Miss Edna Baldwin of St. Louis and Miss Edith Baldwin of Chicago and Mr. and Mrs. H. C. Hamilton of St. Louis were guests of Mr. and Mrs. Ward Evans and others here over the week end.

Mr. and Mrs. Edward Phillips of Beardstown spent Saturday night and Sunday with Mr. and Mrs. Edward Nash on Hubbs avenue. Mr. and Mrs. Nash also entertained Mr. and Mrs. Maurice Pyrdun and two children of Fieldon, Mr. and Mrs. Hardin Savage of Eldred on Sunday.

Mr. and Mrs. John Coonrod entertained all of their children and their families at their home Sunday on Douglas street. The group included Mr. and Mrs. Russell Coonrod and children of Kansas City, Mr. and Mrs. Lowell Coonrod and two daughters of Carrollton, Mr. and Mrs. Dwight Coonrod and children of White Hall, Mr. and Mrs. Paul Daum and daughter of Carrollton, Mr. and Mrs. Albert Coonrod and baby of White Hall, and Francis and Ruth at home.

Mr. and Mrs. Glen Kneeland and family drove to Griggsville Sunday to visit their parents, Mrs. Alvin Brown and Mr. and Mrs. Jacob Wheeler. Mrs. Kneeland and daughter Vivian had just returned home from a visit with Mr. and Mrs. Earl Edwards in Detroit, Michigan.

Miss Louise Dunphy who is employed by the Illinois Bankers Life Insurance company in Monmouth, visited with her mother, Mrs. Florence Dunphy from Saturday afternoon until Tuesday morning.

Mrs. W. W. Evans and daughter, Barbara, left Sunday to go to Houston, Texas where they will spend three weeks with Mrs. Evans' daughter and family, Mr. and Mrs. Olin Neighbors.

Mr. and Mrs. Ward Bridgewater and son, and Mr. and Mrs. Bert Fraser and son, Desmond, of Wrights spent Sunday here with their parents, Mr. and Mrs. T. A. Kessinger on West Franklin street.

Mr. and Mrs. Clarence Tunison of East St. Louis spent Sunday here with his parents, Mr. and Mrs. L. W. Tunison on Jacksonville street.

Identifies Ex-Dean in Shotgun Attack

Despite the elaborate alibi that Thomas Elder, ex-dean of the Mount Hermon School for Boys, presented for the night of the alleged attack, S. Allen Norton (above), formerly cashier of the Greenfield, Mass., institution, identified Elder as the man who threatened him with a shotgun.

Elliott Speer, headmaster of the school, was killed by a shotgun volley in an unsolved mystery.

Baccalaureate for Jerseyville Class Of 100 in Twp. H.S.

Rev. W. A. Steinkraus Delivers Address to Audience That Packs Church

Jerseyville—The Baccalaureate service in honor of the 1937 graduating class of the Jersey Township High School was held Sunday evening at the Methodist church in Jerseyville, with a capacity attendance of relatives and friends of the class members.

For the first time the graduating class of the local high school has hit the hundred mark in membership, the roster this year including exactly a hundred boys and girls.

The church was especially decorated for the occasion with the main section reserved for the hundred guests. The class motto "Striving for Success" in the class colors, was suspended in the front of the edifice. Twelve members of the Junior class served as ushers.

The Baccalaureate address was delivered by Rev. W. A. Steinkraus, pastor of the Baptist church, who selected as his theme "This Sunshine of Life," basing his discourse on the words of James 4, 14, "What Is Life?"

In his opening remarks Rev. Steinkraus stated "This is an important question and one that should be asked while young, so that you can make a decision concerning life now. Charge your course, head for a certain port, and refuse to be sidetracked on the sea of life. Many who are old today and bemoaning the fact that they did not ask themselves, 'What Is Life?' when they were young."

"It is a personal question God directed to each of us," the speaker continued. "And the Bible has much to say about life. It emphasizes the fact that life is short and likens it to a mail post, a swift ship, an eagle, a shadow, or a vapor that appears for a moment and vanishes."

"Xerxes," he said, "stood before the army, the greatest army assembled up to that time, and bursting into tears, sobbed, 'In a few short years all will be dead and gone.' So as he looked into each other's faces tonight, the solemnity of that thought might well have its weight with each of us. Life is short, but a directed life can be so well worth while for we live in 'Deeds not years.'"

Supervised Play at Two Points in City

Instructors Will Be on Duty at First and Third Ward School Grounds

YMCA-WPA-sponsored playground

supervision for the summer will start this week at two points in the city Tuesday and Thursday. Supervised play will be carried on at the Jefferson school, and Wednesday and Friday at the Franklin school.

Both a man and woman instructor will be on duty at each place for morning and afternoon sessions, beginning at 9 a. m. and closing at 4 p. m. Both passive and active type games will be taught. Soft ball will be one of the principal sports.

The recreation groups hopes to secure other playgrounds for children of the city in various neighborhoods. Play equipment, recreation supervisor, and today such places are badly needed at several points.

Plans are under way also to organize a Junior Girls soft ball league and doubtless some of the teams will find their inception at the supervised playgrounds.

L.B. Turner "Sets 'em Up" to First Man to Pay His Water Bill

New Collections Head Assumes Duties; Makes Statement for Public

The first man to pay his water bill under the new administration Tuesday received a box of cigars from L. B. Turner, who took office as superintendent of collections in the city water department. The lucky first visitor to leave his cash was E. A. Albert, 442 South Main street.

Mr. Turner said that the office has been busy for the first day. Miss Cecil Munis assumed her duties as bookkeeper in the department, and Sam Rubbs started his work as meter reader. No more appointments in the department are yet ready for announcement, Mr. Turner said. Mrs. Lola Wright, the outgoing bookkeeper, will assist with the work for a time.

The new superintendent had a word for the public in general and customers of the department in particular. He gave out the following statement for publication: "This department belongs to the people, and we desire their fullest co-operation. Patrons should remember that if they use water, they must expect to pay for it. If anything goes wrong, we will do our best to make it right; we are here to serve the people as one department of their own city government."

Jersey Supervisors Visit County Farm

Make Annual Inspection of Home for Needy Boy Is Sent to State School

Jerseyville—The supervisors of Jersey county made their usual visit to Members of the board and their wives, and few others were guests of Mr. and Mrs. Anthony Fegues, superintendent and matron of the institution at dinner and made an inspection of the premises.

Those in the group were: Supervisor and Mrs. A. P. Mittel, Supervisor William Kadell, Supervisor Martin Fuser, Supervisor and Mrs. E. J. LeFavre, Supervisor and Mrs. William Groppe, Supervisor and Mrs. Robert

Schweickhardt, Mr. and Mrs. E. M. Brewster, Supervisor and Mrs. Herschel Medford, Supervisor Ed Rintoul, Supervisor Mike Costello, Miss Margaret Costello, County Clerk Frank Seago, County Judge Fred W. Howell, and Superintendent of Schools Charles Daniels.

Sent to St. Charles
Rexford Bunse, seventeen year old Jerseyville boy, was taken to St. Charles Training School for Boys Saturday by Sheriff Floyd. The boy was taken on an order of the county court issued on petition signed by the youth's parents, Mr. and Mrs. Peter Bunse.

Rexford, alias "Pest," was taken into custody two weeks ago by Chief Ray Shortell in connection with the theft of a car belonging to Raymond Duggan of Jerseyville. The automobile was taken from a parking place on State street and was found wrecked a few hours later on the north hard road.

House Trailers are Subject to Certain Traffic Regulations

Safety Chains, Brakes, Lights and Reflectors Among Required Items

Although no law regulating house trailers have been enacted by the present session of the Illinois legislature, these vehicles have a number of regulations imposed upon them when operated in this state, according to the Illinois Automobile Club. For the information of the many thousands of house trailer owners in Illinois, the I.A.C. has obtained from the Automobile Department, at Springfield, a statement of the regulations and equipment required for the operation of these vehicles on the state's highways, as follows:

1. Safety Chains—The Highway Department has ruled that a house trailer must have crossed safety chains in addition to the "hitch" which chains shall not be connected to any part of the hitch but must be connected from two points on the towing vehicle to two points on the towed vehicle. The Automobile Department is enforcing this ruling.

2. Brakes—The Automobile Department requires all house trailers of over 1,500 pounds gross weight to be equipped with brakes adequate to control the movement of and to stop and to hold such vehicle, the brakes to be so designed as to be applied by the driver of the towing vehicle from its cab and so connected that, in case of accident,

in breakdown of the towed vehicle, the brakes will be automatically applied.

3. Lights and Reflectors—Every house trailer must be lighted by a tail light on the rear; must have four red clearance lights, one on each of the four corners of the rear of the vehicle; and one of the rear of the vehicle on each side of the vehicle.

4. Registration—For purposes of registration only, the Automobile Department classifies house trailers as vehicles of the "second division" under the Motor Vehicle Law—that is, vehicles "designed and used for pulling or carrying freight or carrying more than seven passengers." In this way, house trailers are registered under the same fee as are other types of semi-trailers.

5. Safety Glass—Must be used wherever glass is installed in windows, etc.

6. Flares—Being classified as "first division" vehicles ("designed and used for carrying of not more than seven passengers") except for registration purposes, flares are not required.

7. Following Another Vehicle on the Highway—The Automobile Department states that house trailers being classified as vehicles of the "second division" for registration purposes only, there is no legal requirement that they follow at any specific distance behind another truck, bus or house trailer.

8. Sanitary Equipment—The State Department of Public Health requires every house trailer to be equipped with a chemical toilet.

9. Length—The over-all length allowing for a combination of a passenger car towing a house trailer is 40 feet.

These regulations are, according to the State Automobile Department, an effort to provide reasonable control of the operation of house trailers on the highways of Illinois until such time as definite and specific laws are enacted for that purpose.

Police Seek More Information About Pair Held in Theft

Send Fingerprints to Chicago in Check-up; Remain in County Jail

The Jacksonville police department is seeking more information regarding the crime tour said to have been taken by James Cutsinger, 19, of Chicago and Katherine Anne Reynolds, 18, of Milwaukee, Wisconsin, arrested Sunday by authorities of Scott county and turned over to the local police department. They are being held in the Morgan county jail on charges of armed robbery awaiting a \$5,000 bond before being released.

The local department Tuesday received a message from the Chicago police asking them to question Cutsinger as to the identity of the other two men and women who were involved in the theft of a Packard automobile from a Chicago garage Saturday.

Russell Hanson, of Chillicothe, Mo., whose automobile they stole when offered a ride near Monticello, Ill. Sunday, told the department that the pair had taken part in a robbery of a garage in Chicago Saturday. Chicago police confirmed this statement Monday when queried by the local department, and asked for descriptions of the pair held here. The Chicago department indicated that two men were involved in the theft of a Packard automobile from the Chicago garage at the point of a gun, and made no mention of the girl.

The pair were arrested Sunday after holding up and robbing a filling station operated by Charles Herrin, at the corner of South Main and Morton avenue. They locked Herrin in the toilet, and fled with about \$8 in cash and some oil and gasoline with

which their machine had been serviced.

Sheriff Harry Gidney, of Scott county, advised of the theft here by the police department, which also notified the bridge tender at Florence, arrested the pair just as he was coming off the bridge after asking that the lift span be raised to check their flight. Gidney forced their machine off the road and took them into custody without a fight. The pair was returned to Jacksonville and held in the city jail until Monday when they were arraigned and taken to the county jail.

Fingerprints of the pair were sent to Chicago Monday for comparison with files there. Local police believe that if two men were involved in the Chicago garage robbery, they split up after taking the machine. The machine they stole in Chicago was abandoned at Monticello when it developed trouble.

Postpone Closing Date of Theater

Will Close June 9; Increase Amount to Be Spent on Alterations

The date for closing the Fox-Majestic theater here was postponed until June 9, Eldon DeSilva, manager of the theater, said yesterday.

The delay was announced in order to include more repairs to the building than was originally planned. Present plans call for increasing the number of seats to between 550 and 600 and to installing an ice operated air cooling and conditioner.

New rest rooms also will be put in the theater, increasing the amount of money the Fox Company plans to spend on repairs.

It is expected that the theater will be re-opened about July 4.

Pool Plan Favored In Unemployment Laws, Survey Shows

47 Unemployment Compensation Laws Passed; Only 2 Have Employer Plans

The trend in state unemployment compensation legislation is toward the pooled-fund type of reserve, and toward requiring contributions from employers only, H. L. McCarthy, regional director of the Social Security Board, announced Tuesday.

"Analysis of the 47 unemployment compensation laws which have been enacted shows that the pooled-fund type of unemployment compensation with merit rating for stable employment records is most favored by the states," Mr. McCarthy said. "Wisconsin, the first state to enact an unemployment compensation law and Nebraska, which has recently passed such legislation, are the only two states which have established employer-reserve systems."

"Even these states, however, provide

that interest earned by the reserves, and funds remaining in the termination accounts, are to be placed in the state pool and used to supplement benefits in cases where an employer's reserve has run low."

"Four states, including Indiana, have employer-reserve systems, also with a partial pooling plan, while in one state, Vermont, the employer may either contribute to a pooled fund or set up an individual reserve."

"Only eight states require contributions to an unemployment compensation fund from wage earners. In all the others employers alone contribute, with the exception of Washington, where the district government also makes a contribution. Of the funds Indiana experimented with a part-employer and part-employee fund, but gave it up in April after three months' trial."

"In this region Wisconsin is already paying benefits to its eligible unemployed workers, and by next April, Indiana, among 25 more states, will begin to make payments also."

"The Indiana and Wisconsin plans provide benefits similar to those of the large majority of states. They afford workers, during temporary seasons of unemployment, one-half of the worker's full time weekly wage, the maximum being \$15 and the minimum \$5 a week. Only three states have not yet passed an unemployment com-

pensation law. These are Illinois, Florida and Missouri. Bills are pending in these states at the present time, however.

M. Engel's Class B Boat Takes Second

Local Man Places in Quincy Race; People from Here Witness Events

Merle Engel's class B boat won second in one of the races at Quincy during the week-end meet of the Midwest Racing Association. The boat was driven by Harold Huffman. Reports reached this city that in one race a driver from Mexico, Mo., was thrown from his boat in rounding a curve, and the boat sank.

Those who attended the Quipsey races here included John Wood, Mr. and Mrs. Vernon Weaver, Mr. and Mrs. John Mullenix and Miss Pauline Gillespie. Engel had two boats entered in the race events, representing this city.

Film Players' Summer Warmup

When the sun comes north, film players, like the rest of us, just can't resist that languid, playtime feeling. Proof enough is Marian Marsh's Coney Island touch at a beach outing with Grace Bradley, right, in top photo. But here's Henry Wilcoxon, lower right, and his wife, launching the ol' swimmin' hole season by breaking a bottle over a log. Then, lower left, we have a warm weather railbird at a Hot Springs and tennis club. It's none other than—Shirley Sumner, smoked glasses and all.

Frank's career was plentiful yesterday as the holiday anglers returned to their daily haunts. One man reports that blue fish were biting fine where he was and that the size of these fish are bigger than ever this year. Crappie aren't doing so well according to our informant, and not many anglers have caught sight of bass yet, although if they do catch sight of them it would not only be the lucky but also the sporting thing to leave them in the water. Bass fishing is legal June 15.

NOW this column is worrying about the annual tennis tournament. Bob Hamlin and Elmer Lukeman brought Illinois College the first doubles championship it has had, and these two boys are expected to battle it out again this year in the Journal and Courier tennis titular round. Worry over the affair is caused by the lack of courts.

COACH Frank Walker planned to leave early this morning for Iowa City where he will study this summer. He may not be back until after the season. And to a bit of fishing around the dam, but then again he might go on to the hills of higher

education. WALLY Baptist, Rout high coach, isn't going to attend any summer schools, but he is going to take a couple of weeks vacation later in the year and ramble around in Canada, Wisconsin and Michigan and maybe a few other states.

LOUIE Boudreau, who brought packed houses to the University of Illinois basketball games, finished the baseball season at this state university without having fanned once in Big Ten game. And the Illini captured the championship which is just another no-hum. They have finished below second only seven times since the turn of the century, and have won 19 championships, 11 seconds and four thirds. BILL Alameda, pepper ate Normal first sacker, and Dale Cline, outfielder, have been elected co-captains of the Birds for next year.

WELCOME to the sportmen in the news that the county through the Sportmen's club organization is going into the pleasant raising business. The birds will be shipped via express from the Mt. Vernon pheasant farm operated by the State Department of Conservation, and are expected to arrive in Alexander Thursday morning. They will be met by members of the Alexander chapter and Lewis Martin of the state department and taken to their new home. The birds almost came before their home was ready. The last of the supplies, consisting of a brooder stove, drinking and feeding troughs arrived yesterday. And K. V. Bearup, the Alexander club prexy, hustled over to Springfield and borrowed 100 pounds of special feed to tide over the feeder until the organization's order comes through from an Indiana plant where they put up a special pheasant feed. It won't be long now until the beautiful birds sprout their prettiest plumage.

Bob Feller Takes Leave of Absence

Pitches in Only One Game Since Season Opened

Cleveland, June 1.—(P)—Baseball's storybook kid, Bob Feller, bothered by a sore arm and public attention, was on the shelf today for another indefinite period. The 18-year-old Cleveland pitcher, who skyrocketed to fame by the knockout route, packed his bag and left on a leave of absence expected to last from two weeks to a month. Feller has pitched to only one batter since he injured his "million dollar arm" in his 1937 American League

debut here April 24—five and one-half weeks ago.

C. C. Slapnicka, Indians' vice president, issued a formal announcement saying "after several attempts at pitching during batting practice and after several short periods of rest, Bob still feels the soreness in his forearm and it has been decided that a complete rest will be beneficial as well as necessary."

Slapnicka said Feller would visit friends for several days, and then would return to his home to wait until his right arm feels ready for further duty. "I haven't heard anything about it," said Mrs. Will Feller, the strikeout king's mother. "The last letter I got from Bob was Thursday but he didn't mention leaving Cleveland. He said he was feeling great." Slapnicka said Feller had become nervous and irritable under the strain of public attention, and that a need of complete freedom from baseball contracts and even from baseball conversation was indicated.

Finish in Front of A and P Which Makes Higher Team Average

Although A & P had a higher team average than Peoria Butters, they finished five games behind the Butters. The leaders were hard pressed on many nights but were able to maintain a slight edge and finish in front. A & P rolled 2716 for the high team score and Peoria Butters captured high points with 2778. Schiltz Tavern finished second in both events. Shaw and Edge rolled high series, Edge with 600, followed by Shaw with 551 and Shaw's game of 361 was high for the season.

Tigers Lose Again To Cleveland, 4-3

Cleveland, June 1.—(P)—Cleveland made it three straight over Detroit today by rallying in the eighth inning to snatch a 4-3 victory from the luckless Tigers. Limited to one run, Lyn Lary's first year-bagger of the season, in seven innings, the Indians nicked Auker for four hits in the eighth and made three runs out of them. Averill led the Indians' attack with three singles in three trips, to the plate. Greenberg, with a home run and a double in three official trips, was the heavy hitter for the Tigers.

"Disappointing" Flinger On Pinnacle Of Pitching Fame As Mates Furnish Hitting Attack

Chicago, June 1.—(P)—Disappointed Bill Dietrich, whose major league baseball career appeared at an end less than a year ago, reached the pinnacle of pitching fame today with a sparkling no-hit, no-run master piece against the St. Louis Browns.

While Dietrich was making, useless the bats of Beau Bell, Joe Voornik and the rest of the Browns' clubbers, his attacking force battled Southpaw Ed Hoggatt and Russ Van Atta for 10 hits and an 8 to 0 triumph. Dietrich, considered a highly promising youngster when Connie Mack brought him up to the Athletics in 1930, was obtained July 20 last year for the waiver price. He had failed to fulfill Mack's expectations and had been passed on to the Washington Senators. Washington found that he did not help and asked waivers on the husky right-hander with the idea of shipping him off to Albany.

Manager Jimmy Dykes refused to let Dietrich out of the league and he was signed by the White Sox. He finished the season by winning four decisions and losing that many for the Sox, but his work showed so much improvement that Dykes figured on him as a starter before the current campaign opened.

Dykes may have weakened a little a few days ago at Cleveland when the Indians thumped him out of action in almost brutal fashion. But today was a different day.

In becoming the first American league hurler to achieve pitching's most coveted prize since his teammate Vernon Kennedy did it to Cleveland Aug. 31, 1935, Dietrich permitted only three men to reach first base. After keeping the paths clean for five innings, he tottered momentarily, walking Rolfe Hemmley and Van Atta, with a double play in between.

In the seventh, Beau Bell survived when Third Baseman Tony Piet turned his grounder. Only twice during the brilliant exhibition was there a prospect that a potential no-hitter would be wrecked, and on both occasions big Zeke Bonura provided the fielding heroics. In the fifth, Bill Knickerbocker slashed a liner down the first base line. Bonura snatched it. Far more threatening was a high liner from the bat of Sam West in the seventh. This time Bon-

ura made a great leaping "save." Dietrich's fast ball accounted for five strikeouts. Otherwise the Browns grounded out or lifted easily handled flies.

Ashland Bank Will Begin Summer Half- Holidays Thursday

Other Banks in Case Will
Close; Announce Winners
of Grade Awards

Ashland—The State Bank of Ashland cooperating with the other banks of Cass county, will be closed each Thursday afternoon beginning Thursday, June 3. The closing hour will be 12 o'clock noon.

The first annual citizenship award of the Ashland grade school was given at the eighth grade commencement exercises Friday afternoon, May 28. Ada Jane Parsons received this highly coveted honor for the girl and Robert Logan for the boy. The former is the daughter of Mr. and Mrs. Nathan Parsons and the latter is the son of Mr. and Mrs. Ray Logan.

The idea of this annual citizenship award was that of Principal Harry W. Timms and is sponsored by the Parent-Teacher Association, which will purchase a plaque with a silver shield upon which will be engraved each year the name of the one girl and boy upon whom the citizenship award is bestowed. Only pupils attending the Ashland grade school for four consecutive years and who are members of the eighth grade graduating class are eligible. Records of each pupil will be kept for the four years and pupils are graded according to certain specific rules, including scholastic ability, attitude toward work, mental, moral, and physical activity.

The Ashland Modern Poetry club sponsors a poetry contest each year for the pupils of the Ashland schools. This year the high school did not participate. Mrs. W. S. Taylor, on behalf of the Poetry club, made the awards to grade school pupils at the eighth grade commencement. Following is the list of prizes and awards of the seventh annual poetry contest:

Calls Fire Trucks to Assist Stork

False alarms are nothing new to New York firemen, but even they were a little vexed when they were called to the home of Mrs. Sally Graham and learned that they had been summoned only to assist the stork in delivering a 7-pound girl. Her sister, Mrs. Dorothy Legault (above), of Washington, explained in court that she had turned in the alarm because she had been advised, when action was wanted in an emergency, to call the fire department.

Norman Gore Will Marry Miss Marsh In Ceremony Here

Father of Bride to Perform
Ceremony at Baptist
Church June 8

Announcement has been made of the approaching marriage of Miss Virginia Marsh, daughter of Rev. and Mrs. T. H. Marsh, of Moline, Illinois, and Norman Gore, son of Mr. and Mrs. T. J. Gore, of Johnston City, Illinois.

The wedding date has been set for Tuesday, June 8, and is to be held at the First Baptist church in this city at 2:30 o'clock, with the father of the bride-to-be officiating. The wedding party will include the sisters of Miss Marsh.

Miss Marsh attended Illinois and Millikin colleges and was prominently identified at both schools. While a student at Illinois college, she was a member of Gamma Delta and at Millikin, she was a Theta Gamma sorority.

She has been teaching in Decatur, at the Gunhill Johnson Memorial School for Crippled Children. Miss Marsh has many friends in Jacksonville, who will be interested in the wedding news. Rev. and Mrs. Marsh have been closely identified with the life of Jacksonville. Rev. Marsh was formerly pastor of the First Baptist church in this city.

Mr. Gore is the head of the Science department at the Centennial Junior High school in Decatur. He was formerly a member of the Union High school faculty in Jacksonville, and also has many friends here. He graduated from Illinois college with the class of '34. While a student he was a member of Phi Pi Rho society.

CONTINUE TRIAL OF WILLIAM H. MALONE

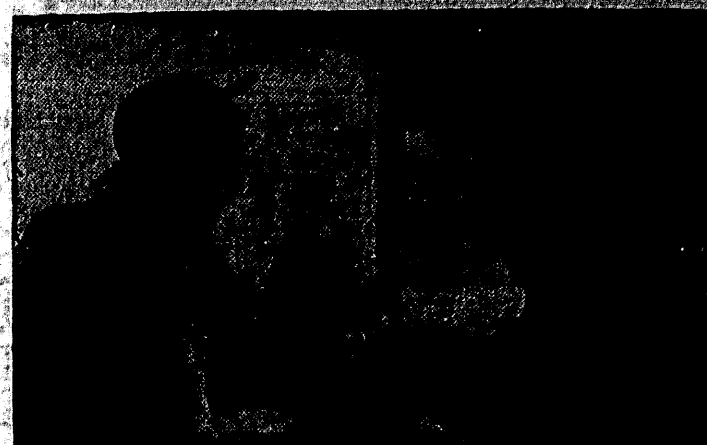

Chicago, June 1.—(P)—Federal prosecutors dug further into William H. Malone's income as his trial on tax evasion charges today after Joseph C. Van Schaick, an accountant, testified that the former Illinois Tax Commission chairman's net worth Dec. 31, 1929, was \$792,701, while in 1928 it was \$870,167.

Van Schaick, who made out income tax returns for Malone for several years, said the year's growth in the defendant's net worth was \$222,624. Due to losses that year, he testified, Malone's net income for 1929 was shown by the books at that time was \$6,228. He paid a tax of \$538.

The government contends that Malone, who headed the tax commission from 1924 to 1931, and one time was the Republican nominee for governor, evaded income tax payments of \$29,000 in 1929 and 1930.

See Police Rushing Into Fray
and Hear Roar of Gunfire
During Sunday Riot

Notorious realism confronted Mr. and Mrs. O. E. Beerup on their week-end visit to Chicago. On entering the city, they found steel strikers scattered over the road at one of the smaller plants, and as they left for home Sunday afternoon, they were able to see a portion of the battle on the south side which resulted in the killing of four persons and the wounding of 38 others.

The Beerup family drove along the road past the field where the battle was in progress. They heard the screaming of police sirens and saw reserves rushing into the battle. They heard the barking of guns, but did not see any of the killed or wounded.

In describing the experience, Mr. Beerup said: "We did not stop near the scene but kept going and left town as soon as possible. The traffic jam in the vicinity of the battle was terrific. The sound of gunfire we heard was something like the backfiring of cars."

John Hubbell In City; Buried

Remains Taken to Springfield Tuesday Afternoon for Interment

Funeral services for the late John Hubbell, 66 of Chicago, formerly of this city and Woodhouse, were held at 2 p. m. Tuesday afternoon at Sulphur Springs cemetery here, in charge of the Rev. P. D. Stone.

Mr. Hubbell, a stationary and electrical engineer, died Saturday in Chicago. Many years ago he was employed as an engineer at the Jacksonville State Hospital, where he was married May 20, 1905.

From this city he moved to Oak, Frederickburg, Maryland, and other cities. He served for many years as chief engineer of the Pullman company in the passenger and mail department.

He is survived by his daughter, Ethel Hubbell, Tolson, of Richmond, Virginia, who accompanied the remains here. They were taken to Williamson funeral home (opposite rival).

Soft Ball Season Is Ushered in With Extra Frame Scrap

Myers Brothers Take 2 to 1 Verdict from A. & P.; Lukeman Team Wins

"A game worth any man's money" requiring an extra inning to break the 1 to 1 tie opened the formal season of the Y.M.C.A. soft ball league on Monday night at Nichols Park last night. Nesbit, pitching for the Myers, and Wagner, hurling for the A. & P. employees, both with excellent backing by their team-mates, demonstrated their right to be classed in the "A" league.

The A-Ps got three hits off of Nesbit while Myers Bros. took nine from Wagner. Nesbit struck out 11 men to 5 by Wagner.

The opening game of the season was between the Weyand Shoe Workers and Lukeman Clothiers, the latter winning the game 11 to 2. Lukeman was on the mound for Weyand Shoes with Elliott catching. The battery for the Clothiers was Ferguson and D. Lukeman.

A change will be made in the schedule as announced for the last of the week. On Friday, at 6:45, Cassville will meet the Merchants, at 8:00 the C.O.C. Enrollees will meet the Amalgamated Clothiers, and at 9:15 the Dodge Beauty Winners will meet the State Hospital Girls.

There is still opportunity for other teams to enter the games. One more team is needed for the "C" League, and there is opportunity for six more teams of men in the "D" group, which was left open to accommodate life entrants during the next two weeks. In the women's leagues, it is reported that several more teams are organizing to form a "B" league. One more team is also needed in the "A" league of women players. Any groups interested should communicate with Y.M.C.A. Secretary, Hermann.

Games tonight are: 6:45—Sears Roebuck vs. Capital Grocery. 8:00—Smith Hardware Girls vs. State Hospital. 9:15—Montgomery Wards vs. Lukeman Motors.

Sportsmen Move To Stock Morgan Waters With Fish

Name Delegates to State Convention to Be Held in Springfield Thursday

With the pleasant program almost ready to launch members of the Jacksonville chapter of the Morgan County Sportsmen's club last night began talking about a fish restocking program for the Morgan county streams and lakes. J. A. Lonergan, president of the local chapter and Ernest May, a former president, were delegated as official delegates of the local club to attend the state convention of the federation of clubs in Springfield Thursday, and at the same time to investigate more thoroughly the possibilities of securing fish.

The local club, in cooperation with the Alexander and Murrayville units through the county organization, will begin raising baby pheasants for stocking purposes throughout the county. The birds are expected to arrive at Alexander Thursday morning, and will be kept in a specially prepared brooder house, labeled the best in the state, for seven weeks before they are placed in their homes.

The local club, in order to meet its share of the expenses of this program, is planning a renewed membership drive with J. O. Huggert as chairman. Already there are 168 paid up members in the organization.

The club also is planning to hold a blue rock shoot at the Jacksonville gun club Sunday June 13, the profits of the shoot also to be devoted to club uses.

Membership cards are now available at the May Barber shop, Lonergan and Barwick's Tavern and J. C. Huggert's Shoe shop.

Elizabeth Scott To Wed John Payne In June Ceremony

Announcement of Approaching Marriage Made at Scott Home

Mr. and Mrs. E. D. Scott had a family gathering at their home, Scott-Haven, Sunday, announcing the coming marriage of their daughter, Elizabeth, to John C. Payne, of New York City.

Miss Scott received her B. Ed. at Illinois State Normal University, and her A. M. at the University of Illinois. Last summer she also took a special course at Columbia University.

For the past six years she has been a valued teacher in the Champaign High School.

Mr. Payne is the eldest son of Rev. and Mrs. John W. Payne, of Earlville, Ill., and received both his A. B. and A. M. at the University of Illinois. He is at present studying for doctorate at New York University where he has a teaching fellowship.

For one year he was on the faculty of Jerseyville High School, obtaining leave of absence to pursue his studies at New York University.

The wedding will take place Saturday, June 6th at Baltimore and after a brief wedding trip by boat they will be at home at 5 Minetta street, New York City.

The guests at the pre-nuptial dinner Sunday included Mrs. Elizabeth Scott and daughter, Miss Rhoda, and son Fred, of Franklin, Mrs. Henley and Mr. and Mrs. Ira E. Scott, of Springfield, Mrs. W. D. McCormick, Mr. and Mrs. Gilbert Scott, Mr. and Mrs. Roy McKinney, son Ralph, and daughter, Miss Ella of Jacksonville, Mr. and Mrs. LeRoy Smith and children, Edwin, Lois, Louis, and Martha, of Waverly, Miss Helen Jenista, of Rock Island, and Mr. and Mrs. Samuel Darley.

Miss Rhoda Scott had baked the huge bride's cake that occupied a place of honor at the feast.

There was a large array of gifts, many of which had interesting stories connected with their origin. Some were family heirlooms especially precious.

The wedding gown is of gray lace with blue accessories and is peculiarly adapted to adorn the tall, slender bride. These young people have the hearty good wishes of the community for a long and happy life together.

Relief Load Shows Decrease in Scott

Food Orders Drop from 308 in February to 173; Other Winchester News

Winchester, June 1.—Mrs. Loretta Goss, administrator of Scott County Food Relief, announced today that the relief load for Scott county was the lowest it had been since the county took over the relief administration. There were 173 direct relief food orders given out today, as compared to 308 for February 16, 1937, which was the peak relief load of this county during the county administration. The decrease has been most marked during the past month. There were 224 orders sent out May 15.

The increase is attributed to increased employment on farms and to the increased number of men used on the WPA projects. The relief load was expected to decline still further in the next few months due to increased farm employment.

News Notes
Mrs. W. S. Roosa left Sunday for Chicago, where she will visit her son, George.

Mr. and Mrs. Jesse Butzbach are the parents of a son born yesterday evening at Passavant hospital in Jacksonville.

H. H. Allen returned this morning from a Decoration day automobile races held at Indianapolis. He accompanied John Lee of Jacksonville.

Morris Trihey of St. Louis spent the week-end at the home of his parents, Mr. and Mrs. John Trihey.

Investigation Is Ordered in Death Of Arthur Kingsley

Four Detectives Assigned to Case; Mayor "Fairly Well Convinced" Accident

Detroit, June 1.—(P)—Mayor Joseph M. Hackett of Highland Park today ordered an investigation of the death of Arthur L. Kingsley, suburban newspaper publisher who was marked for death by the Black Legion in 1933 and died yesterday of burns suffered in an apartment fire.

Four police detectives were assigned to the case, although Hackett said he was "fairly well convinced" the fatal burns Kingsley suffered in his apartment were accidental.

"If there is the least evidence of foul play we want to ferret it out," Hackett said.

Relatives in Jacksonville have received word that the origin of the fire that resulted in the death of Mr. Kingsley is unknown. An investigation is being conducted.

Mr. Kingsley's body will arrive in Jacksonville Friday morning at 7:31 o'clock over the Wabash railway. It will be accompanied by an escort of members of the American Legion of Detroit, Mich. Saturday two coach loads will arrive over the Wabash with 200 friends of the decedent.

The body will be taken to the home of the decedent's mother, Mrs. Rosa E. Kingsley, 239 Webster avenue Friday morning. Funeral services will be held Saturday morning at 9 o'clock at the Church of Our Saviour. Burial will be in Calvary cemetery.

Graduates of Our Saviour's School Receive Diplomas

Rev. F. F. Formaz Delivers Commencement Address On Church Program

Graduates of Our Saviour's School of Nursing received diplomas Tuesday evening in impressive exercises conducted at the Church of Our Saviour, with a commencement address delivered by The Very Rev. F. F. Formaz, who spoke of self sacrifice as the highest law of Christ.

The impressive Processional (James H. Rogers) with Henry Ward Pearson at the organ, was followed by the Ave Maria (Arcadelt) sung by Our Saviour's choir.

The class of seven, who took the Florence Nightingale pledge, before receiving the diplomas included Frances Mahoney, Ashland; Celeste Strang, Greenfield; Elizabeth Lonergan, Murrayville; Alice Lonergan, Murrayville; Mary Foster, Beardstown; Mary Catherine Haire, Franklin; and Irene Boswell, Gillespie.

Following the awarding of diplomas, Rev. Father Formaz addressing the members of the class, called their attention to the unusual occasion, not just a commencement event, where one is the recipient of an award for having passed certain requirements, but the beginning of a new life.

"In this present day, every one knows that the world is conducted by selfish materialism, and in contrast to greed and selfishness, we have this class, trained for a career in which giving and not getting is the aim. Two thousand years ago the Master gave the precept that it was better to give than to receive. It is dishonest to receive without sacrifice and without regard to others.

"Service is the key word and service means sacrifice. Self-restraint, wise procedure, character as strong and firm as a rock, does anyone think these are adherent in human nature? We gain these by sacrifices. Nursing derives its great value through use and service. Fruitful in serving for the good of those around you."

The music was an impressive part of the exercises, with the Priore (Borowski)—Henry Ward Pearson, followed by the Benediction of the Blessed Sacrament.

O Salutaris (Franz Liszt); Tantum Ergo (Jose Beobbadi); Divine Praises (J. Lewis Brown)—Our Saviour's choir.

Grand Chorus (Alexis Chauvet)—Henry Ward Pearson.

Jacksonville Post Of Legion Making Convention Plans

Regular Meeting Held Last Night; Committees to Gather Thursday

Jacksonville Post No. 279 of the American Legion devoted part of its regular meeting last night to extension of plans for the 20th district convention of veterans which is to be held here next Saturday and Sunday, when new buildings for veterans at the State hospital grounds will be dedicated.

It was announced that a meeting of all committees for the dedication program will be held Thursday evening at 7:30 o'clock at the Legion Home.

The Legion is extending a cordial invitation to the public to attend the convention banquet to be held at the new Catholic parochial school next Saturday evening. It was reported that 175 reservations already have been made. Reservations must be received not later than Thursday night.

John Larson submitted a report on activities of the Sons of the Legion. The drum and bugle corps of that organization held a practice session before the Legion meeting.

A report showed much interest in the Boys' State which is to be held in Springfield this month. The Legion post here will sponsor two boys and the Auxiliary one, in addition to other organizations.

The time of the Legion meetings during the summer months has been changed from 7:30 to 8 p. m.

Hans Rosenberg to Address Open Meet Of Phi Beta Kappa

Public Invited to Attend Lecture June Third at Illinois College

Dr. Hans Rosenberg, instructor in history and political science at Illinois College, will be the speaker at the annual open meeting of Phi Beta Kappa, June 3, discussing the subject, "The Revolt of the Masses against the Nineteenth Century." Phi Beta Kappa officials at Illinois College have stated that the meeting is open to the public without charge.

Dr. Rosenberg, although only a resident of Jacksonville for the past school term, has made a name for himself as a lecturer, both at Illinois College and in the city. Educated in Germany, Dr. Rosenberg spent several years in his home land as a professor of history and working on his doctoral research.

After leaving Germany he lived for a while in England, furthering his research, and then came to this country where he taught for a short time in the College of the City of New York before coming to Jacksonville as a member of the Illinois College faculty. He is the author of several books, and has established a reputation as an authority on the subject he has chosen for the lecture Thursday evening.

The lecture and open meeting, which will be held at 8:15 in Jones Memorial Chapel on the Illinois College campus, open the extensive round of weekend activities in connection with the I. C. commencement.

Teachers' Salary Increase Appears To Be Blocked Here

Expect Board of Education to Hold Meeting to Determine Next Steps

Blocked in almost all of their moves yesterday, the Board of Education was expected to hold a meeting in the near future to determine their next steps in their efforts to pay to the teachers salary increases amounting to about ten percent. The board of Education intended to give the teachers the pay increases at the same time as the last month's checks were handed out to cover the year just closed, but were advised last Tuesday evening by the school treasurer, John Phillips, that he would not pay the increases, after receiving the advice of his attorney.

There was some discussion here yesterday of filing a mandamus suit against the treasurer, but the attorney for the board, Carl E. Robinson, is said to have advised against the suit on the grounds that the board is not allowed to pay the teachers more than the price for which they contracted to teach. His opinion, coinciding closely with an opinion given the school treasurer by Edward Cleary, of the firm of Vaughn, Fortman and Cleary, appeared to close the main avenue to paying the increases.

The board had hoped that its action of two years ago in which it went on record as assuring the teachers that the wage cuts would be restored as soon as possible, would be sufficient to warrant a mandamus suit. The action was not re-affirmed this year, although it was said that there was a gentlemen's agreement among the board members that if funds became available, the last of the two year ten per cent salary cuts could be restored.

Whether the action of two years ago could be construed as a continuing policy of the board was the question brought up Tuesday. The school board attorney ruled that the action would not add any weight to the case, although it did express the policy of the board.

The school treasurer refused to pay the increases upon the advice of his counsel, unless the legality of his right to pay the amount could be established. The increases amounted to about \$15,000, and were to be paid as a salary retro-active to last Sept. 1. Payment of the increases was made possible by an election last October, in which the voters authorized an increase in the tax rate.

Teachers were hurriedly changing their plans for the summer vacation. Many of the teachers, who planned to use the increase to continue their studies in summer schools, were making other arrangements. Others continued to plan their summer vacations as if nothing had happened to their pay checks.
